RIEGELWOOD SANITARY DISTRICT NOTICE TO RESIDENTS

Annual Lake Management Program

Dear Riegelwood Resident,

The Riegelwood Sanitary District is providing this formal notice to inform you that an **Annual Lake Management Program** has been approved and will be implemented throughout the year. As part of this program, you may observe **monthly inspections and maintenance activities** around the lake. These efforts are part of our ongoing commitment to maintaining a safe, healthy, and wellmanaged aquatic environment for the community.

This notice is **informational only**. **No response or action is required** from residents.

All herbicide and algaecide applications used in this program are **aquatically approved** and will be applied **exclusively by a Licensed North Commercial Pesticide Applicator** holding **Aquatic 5/A certification**. All products used are approved for aquatic sites—including lakes, ponds, and stormwater ponds—by the **State of North Carolina** and the **United States Environmental Protection Agency (EPA)**. All treatments will be performed in accordance with labeled instructions and regulatory requirements.

We appreciate your cooperation and understanding as we work to preserve the quality and appearance of the lake for the benefit of all residents.

Sincerely,

The Village of Riegelwood
Board of Directors
